

LAWN & GARDEN

GRASS MASTER provides exceptional turf-friendly performance for zero-turn, riding and stand-up lawn mowers. Its unique S-shaped tread design optimizes ground contact for superior traction. It won't damage lawns even when making sharp turns and maneuvering on slopes. It's durable, long-lasting and reliable, making it the preferred tire solution for leading OEMs.

GRASS MASTER

The GRASS MASTER XT (GMXT) tire features a turf-friendly design that blends an aggressive tread pattern with improved traction on slopes to help maximize productivity for zero-turn, riding, and stand-on mowers.

GRASS MASTER XT

Available sizes:

GRASS MASTER

TIRE SIZE	PR	Load	Diam	Width	Max
15 X 6.00-6	4	260 kg	380 mm	150 mm	1.0 bar
